

Program Objectives:

- This qualification reflects the role of support workers who complete specialised tasks and functions in aged services; either in residential, home or community based environments. Workers will take responsibility for their own outputs within defined organisation guidelines and maintain quality service delivery through the development, facilitation and review of individualised service planning and delivery. Workers may be required to demonstrate leadership and have limited responsibility for the organisation and the quantity and quality of outputs of others within limited parameters.

The Key Features of this Program are:

- This program is designed to provide training for people to enhance their continued education and employment prospects through the development of skills and knowledge.
- Students have access to hands on training in a simulated environment, well preparing them for further success in their workforce.
- This program enables students to gain practical experience working in an aged care environment. This provides opportunities for students to consolidate their learning.

This Course Prepares you to Work in Job Roles such as:

- Aged Care Support Workers
- Disability Support Workers
- Community Support Workers
- Supervisors

The Entry Requirements for this Program are:

- Successful completion of a Certificate IV level Pre-Training Review as per the enrolment process.

The Training is Conducted by:

- Classroom face to face sessions lead by a trainer
- Student learning material
- Practical experience in simulated environment
- Collaborative learning - classroom discussions
- Supervised practical placement hours

The Assessment will be:

- Demonstration of knowledge through a combination of written, practical and verbal assessments
- Demonstration of activities in an appropriately simulated environment, in an appropriate range of situations
- Practical placement assessment in an aged care facility.
