

Program Objectives:

- This qualification reflects the role of workers in a range of community settings and client's homes, who provide training and support in a manner that empowers people with disabilities to achieve greater levels of independence, self-reliance, community participation and wellbeing. Workers promote a person-centred approach, work without direct supervision and may be required to supervise and/or coordinate a small team.

The Key Features of this Program are:

- This program is designed to provide training for people to enhance their continued education and employment prospects through the development of skills and knowledge.
- Students have access to hands on training in a simulated environment, well preparing them for further success in their workforce.
- This program enables students to gain practical experience working in an environment that cares for people with disabilities. This provides opportunities for students to consolidate their learning.

This Course Prepares you to Work in Job Roles such as:

- Disability Support Workers
- Disability Officers
- Senior Care Assistant
- Supervisors

The Entry Requirements for this Program are:

- Successful completion of a Certificate IV level Pre-Training Review as per the enrolment process.

The Training is Conducted by:

- Classroom face to face sessions lead by a trainer
- Student learning material
- Practical experience in simulated environment
- Collaborative learning - classroom discussions
- Supervised practical placement hours

The Assessment will be:

- Demonstration of knowledge through a combination of written, practical and verbal assessments
- Demonstration of activities in an appropriately simulated environment, in an appropriate range of situations
- Practical placement assessment in a facility that caters for people with a disability.
