

Program Objectives:

- This qualification reflects the role of workers participating in the design, implementation and evaluation of leisure, health activities and programs for clients in one or more sector areas. Workers may be in residential facilities and/or in community agencies and day centres, completing specialised tasks and functions in relation to leisure and health. While workers are responsible for their own outputs, work is carried out under direct or indirect supervision within defined organisation guidelines.

The Key Features of this Program are:

- This program is designed to provide training for people to enhance their continued education and employment prospects through the development of skills and knowledge.
- Students have access to hands on training in a simulated environment, alleviating any stress or nerves associated to this industry, and also well preparing them for further success in their workforce.
- This program enables students to gain practical experience working in an aged care environment. This provides opportunities for students to consolidate their learning.

This Course Prepares you to Work in Job Roles such as:

- Recreational Activities Coordinator / Leisure Officer
- Diversional Therapy Assistant
- Disability Officer

The Entry Requirements for this Program are:

- Successful completion of a Certificate IV level Pre-Training Review as per the enrolment process.

The Training is Conducted by:

- Classroom face to face sessions lead by a trainer
- Student learning material
- Practical experience in simulated environment
- Collaborative learning - classroom discussions
- Supervised practical placement hours

The Assessment will be:

- Demonstration of knowledge through a combination of written, practical and verbal assessments
- Demonstration of activities in an appropriately simulated environment, in an appropriate range of situations
- Practical placement assessment in an aged care facility.
